approval of a survey of septic systems in the town. The amount of \$69,263 is the grant. The State will contribute 25% and the town's share is \$10,000 for a total of \$85,000. The consulting firm of Tighe and Bond will conduct the survey of septic systems in the sections of the town not served by the sewer system. The Selectmen are hoping to update a sewage master plan so that future needs can be judged. Selectman John DeCosta said that Fairhaven's plan to expand its treatment plant makes it necessary for Mattapoisett to estimate its needs, projected 20 or 30 years into the future. The Selectmen are also investigating an FHA grant of \$100,000 with a view toward tying in the Industrial Park to the present system.

OBJECTS TO CITATION

Clarence Fountain told Selectmen that he objected strongly to being ticketed by police for parking in front of his home on Mechanic Street. Mr. Fountain said that as he pulled his truck out of his driveway he discovered a tire was flat. In order to fix the flat he pulled the truck to the nearest curb. He

then discovered that the spare was flat. The cruiser appeared and the officer wrote the ticket for parking on the wrong side of the street in spite of Fountain's explanation of the circumstances. Fountain said that if no leeway is to be extended, he feels that the law should be applied throughout the town with no exception.

for use in his canvas business, because he needs a larger floor area. The Selectmen told Mr. Chase that the Police Chief, James Moran, has requested use of the building for a police station and is now engaged in making up a floor plan and investigating the possibility of federal funding. Selectman John DeCosta said that it is hoped that they might have some answers within the next month and would get back to Mr. Chase when they knew something definite.

WHARF LIGHT APPROVED

Selectmen approved a request by Harbor Master Lloyd Haskell to install a 50,000 lumen lamp at the town wharf facing the bandstand and one at the town beach facing the wharf. The harbormaster plans to shut off all power at the town wharf to compensate for the cost of the new lights which were quoted at \$448.28 for installation, maintenance and power to operate for both by Comm-Electric. This cost will come from the harbormaster's budget.

Letter to the Editor

Progress is always a good thing. When I arrived in June to my summer residence I was pleased to see work being done on Route 6. That lasted about one week. The contractor surely has been lax in his duties. In my opinion Mattapoisett is the loser. Every exit onto Route 6 is loaded with rocks making it a hazard to any vehicle, and those orange cans for such a winding road is sure to cause some terrible accident. For six weeks I have seen no progress on Route 6 and do wonder why the Selectmen are so derelict.

Overshadowed by this historic moment but certainly of even greater importance was the repudiation in the United States of a 49-year grip on the government of the Democrat liberal philosophy of Spend, Spend, Spend - Elect, Elect, Elect. For one of the first times since 1932 that bloated majority, as personified so perfectly by leader "Tip" O'Neil, has felt defeat. President Reagan's tax program, designed to encourage the productivity that made this country the industrial power it was, will now be given a chance in spite of a determined effort to shoot it down by those who claim to represent the people. the few times in modern history, the selfish interests of the lobbying pressure groups have seen the potential of the unorganized middle and working class. The younger generation who see their dreams become too expensive to realize do not swallow the old political slogans and don't look so forgivingly on the excesses of a spending federal government that is robbing this country of its ability to compete in the world market.

President Reagan pointed out in his pre-vote message that almost all of the tax cut would be wiped out by the spending programs already contracted for by the Congress. No miracles are going to result then, except one. The Congress must now recognize that there is a new state of mind in the nation, that the people no longer respond to the boss politician because they have seen the result and have counted the cost.

We looked back on that Wednesday to our royal beginnings from which we cut loose with the American revolution. By some strange twist of fate, that same Wednesday, we had another revolution to cut the country loose

from those whose excesses in every way have robbed people of their incentive and robbed the country of its premier place in the world. Because of the long reign of the liberal philosophy the way we now lead the world is in the size of the national debt.

FIELD WALK - AUGUST 8th

Fields and meadows become a very active habitat in the summer months. Tall grass provides excellent protection for mammals such as mice, rabbits, foxes and woodchucks whose homes in the ground make for interesting study. The natural bounty of seeds found in the grasses invite goldfinches and other feathered seed eaters to perch on a head of wheat for breakfast. Please join the Children's Museum for a morning walk through fields and meadows Saturday, August 8th, at 10:00 a.m.; free to all.

VISITING A LOCAL OBSERVATORY

This week's Saturday program for children will be offered in the evening so that we might experience an exciting visit to Mr. Gerry Dyck's home observatory. This summer's night sky has been a continuous show of planetary splendour. And the best way to see the stars of the show is through the powerful telescopes Mr. Dyck will introduce. Constellations, planetary line-ups, the lunar eclipse and incredible close-up views of the surface of the moon and planets will all be part of Mr. Dyck's astronomically popular program. Transportation will leave from the Museum at 7:30 p.m. this Saturday, August 8th. A small admission is charged non-members; please call to register.

Oh Holy St. Jude, Apostle and Martyr, great in virtue and rich in miracles, near kinsman of Jesus Christ, faithful intercessor of all who invoke your special patronage in time of need, to you I have recourse from the depth of my heart and humbly beg to whom God has given such great power to come to my assistance. WOMEN ARTISTS DISPLAY
SCULPTURES AT CRANBERRY WORLD

"In Her Own Image", an exhibit of sculptures created by women, will be presented at Cranberry World Visitors Center from August 4 to 31 in the "Cranberry Gallery" of the admission-free museum on Water Street in Plymouth.

"The exhibit is unique because it is by and about women," explains Anita Franks, manager and curator of the museum. She

adds that "it is interesting to view the artist's perception of herself and her world." The artists, all from the Massachusetts area, use a variety of materials such as ceramics, clay, wood, and marble.

is interested in promoting crafts and craft people in the area. One of the ways it plans to do this is to hold a craft fair, "We Made it in Massachusetts", in the gymnasium of the Middleboro High School. This will be held on Saturday, September 26, and Sunday, September 27, because the Middleboro Arts and Crafts Association (when queried) is not planning to have one at that time this year. The fee for an 8 foot by 8 foot space will include free membership in the new organization. There will be a limit to the number of craftspeople in each category and the fair will be highly publicized. There will be no admission charge. All work must be handmade by the craftsperson. We encourage them to work at their craft. There will also be a children's make and take table as well as a face painter to liven things up and a refreshment stand.

Other things planned by SEMCO are a craft show with judges and prizes in the spring, demonstrations by members and finding out-
